Yellow indicates the bowler has qualified for the finals pending the second condition that they have already or will bowl in three of the Tournament Stops.

Blue indicates the bowler has qualified for the finals pending the second condition that they have or will bowl in three of the Tournament Stops

Green indicates the bowler has qualified because a bowler that has finished higher in the standings has qualified again which means we take the next bowler that did not cash. At this stop we had two repeat qualifies therefore we take the next two finishers out of the money in the standings.
